

<i>Situational Report</i>
COVID-19 Mandate Protests Operational Impacts
February 4, 2022 – 10:30

Background

On January 15, 2022, an Order of Council (OIC) was put in-place to mandate vaccinations for commercial truck drivers crossing the border. As a result, commercial truck drivers around the country have organized and started protesting outside port of entries (POEs) by blocking roads and slowing traffic, along with a convoy of commercial vehicles headed towards Ottawa to protest outside Parliament.

Bottom Line:

- **Coutts: Situational Awareness:** Briefing with partner agencies suggests the next 24-48 hours have the highest potential for protest escalation.
- Additional protests are expected across the country over the weekend as there are protests and counter-protests planned for Provincial capitals.
- One active demonstration remaining at Coutts, AB, where one lane is open northbound and one southbound. A second blockade was established about 18 km north of Coutts in Milk River, AB on a highway leading to POE and is slowing U.S. bound traffic.
- Public Safety Minister Mendicino has Tweeted that he has approved a request from the City of Ottawa for additional RCMP officers in the city. Ottawa Police Chief announced at a news conference at 09:00 on February 4, 2022 that 150 additional officers will be deployed.
- Social media postings have indicated that additional convoy protests are planned in the coming days (see new section below)
- **Demonstrations are planned at Queen's Park in Toronto and Edmonton legislature this weekend.**
- The GoFundMe supporting the convoy protest has reached \$10,093,200 and has been paused for review by the GoFundMe organization.
- Remaining protest activity nationally is not impacting POE operations.

The CBSA had temporarily expanded hours of service at two POEs in Alberta due to the ongoing protest and blockade in the immediate vicinity of the CBSA POE at Coutts, Alberta. This short-term measure allows the CBSA to alleviate impacts to travellers that are unable to access CBSA services at the Coutts, Alberta POE, while the protest activity is underway. Prairie Region is engaged with US CBP.

The two land POEs are located adjacent to the Coutts, AB POE and are designated under the Immigration and Refugee Protection Act (IRPA) regulations to provide immigration services.

1. [Carway, Alberta](#) – current temporary expanded hours: 08:00 to 22:00 hours MT (7 days per week);
2. [Del Bonita, Alberta](#) – current temporary expanded hours: 09:00 to 22:00 hours MT (Monday to Friday)

CBSA and CBP are closely monitoring operations at ports of entry in Southern Alberta and may seek to expand operations to include Saturday and Sunday at Del Bonita should protest activity impede the highway north of Coutts. At this time, there is no further requirement to extend operations at this location.

NOTAMs have been issued for Coutts and Milk River, AB and are expected to remain in place until 18:30hrs EST, on February 9, 2022.

Traders and commercial carriers will continue to be advised that three adjacent commercial ports of entry remain available at Regway SK, North Portal, SK and Roosevelt, BC.

Coutts

- **Situational Awareness:** Partner information advises that the next 24 hrs is critical. Based on similar events, the next 24-48 hours have the highest potential for escalation, as the weekend and warm weather will bring more people to the site and to the new protest at the RCMP-held checkpoint. Fatigue and frustration of protestors and anti-protestors may lead to escalation or possible violence and biggest threat to officer safety.
- February 3, 2022 – As of 01:06 hr MT, there were zero vehicles in queue at the US export point. 1 Superintendent was on-site throughout the night.
- February 3, 2022 - Notice to Airmen (NOTAM): At the request of the Royal Canadian Mounted Police (RCMP), Transport Canada Civil Aviation Prairie and Northern Region issued a NOTAM restricting airspace over the protest in Milk River, AB until 09 February 2022, 18:30 ET.

Intelligence and Enforcement

BLUF: As of February 4, 2022 at 10:00hrs ET, the overall threat to CBSA officers and infrastructure is low.

ANALYSIS:

General Threats

- **No change to posture.** According to the RCMP, no formal organized plot of violence has been identified. Factors such as the circulation of misinformation, exhaustion, substance abuse, altercations amongst protesters and with law enforcement and the influence of ideologically motivated actors or charismatic speakers may impact the temperature of the crowd. The potential for violence by a lone actor or fringe group cannot be discounted.
- **Romana Didulo is now in Ottawa and was filmed burning a Canadian flag on Parliament Hill.** Didulo is a QAnon online influencer with an estimated 73,000 followers in Canada and the US. Over the last 1.5 years Didulo has issued a series of anti-vaccination messages to her growing number of followers. Following her instructions some of her followers in both Canada and the US have been delivering fake "Cease and Desist" orders to government, law enforcement, health and education officials that they believe are involved in administering or enforcing COVID vaccinations or government mandated health restrictions. On November 10, 2021 an individual identified as **Personal** hand delivered a fake "Cease and Desist" order to the BSOs working at the Carson POE in PAC region. "Cease and Desist" orders were also delivered in 2021 to the Carson, Cascade, Paterson, Waneta, Nelway, Rykerts, & Kingsgate POEs. Didulo refers to her armed followers as "Duck Hunters" and has previously urged her armed followers to kill individuals involved in administering the COVID vaccination program and also any individuals who enforce government mandated COVID restrictions or requirements for vaccination.
- **There is currently no confirmed end time for the demonstrations in Ottawa.** With Ottawa police expecting additional convoys this weekend, an increased police presence has been approved with RCMP sending more officers to support OPS. Local citizens are also continuing to react to the disruption caused by the protest, with an online petition and several requests for permission to counter-protest. The mounting frustration on both sides may lead to violent confrontations, which may pose a threat to the CBSA NHQ building located four blocks south of the Parliament Hill.

POE Threats

- **An ongoing analysis of SRT reporting, OSINT, s.38** indicates that there are no credible threats currently identified for any POE.
- **Information from the RCMP, the media and social media indicate that the protest at Coutts will be moving to Edmonton, perhaps influenced by a number of United Conservative Party MLAs who expressed their support for lifting COVID restrictions.**
- **No update.** A Toronto group aligning itself with Freedom Convoy 2022 protesters in Ottawa is circulating flyers on social media calling for a protest against COVID-19 restrictions and mandates at Toronto's Queen Park on Saturday, Feb. 5. There is no indication, at this time, that this planned protest will be directed to either of Toronto's major airports.
- **No Update.** In addition to the event in Ottawa, a Mariners for Freedom vessel parade is being planned across Canada, reportedly aiming to "protest in ports and all over Canadian shipping lanes." The movement's Facebook page had gained over 7,000 members by 01 Feb, and an additional 5,000 members in the past 12 hours. The event is planned for 04 Feb at 13:00 local time at participant

[APG]

ports. While disruptive activity is not being considered for 04 Feb, consideration is being given to disrupting commercial marine transportation in future events should demands not be met.

Ideologically Motivated Violent Extremism (IMVE)

- **No change to posture.** According to the RCMP, while chatter encouraging peaceful and lawful protest continues to circulate, concerns exist that protest events associated with the convoy could be exploited by individuals who engage in or promote actions that pose a risk to public and officer safety. While IMVE persons of interest and indicators have been observed in Ottawa, this has not been observed at POE protests.

Other Threats

- **No update.** According to social media, the Ottawa Police Chief says that there is funding from the US as well as Canada fueling the protests. He is quoting national security sources who raise concerns about foreign funding as well. The media is also stating that the GoFundMe account for Freedom Convoy has been suspended pending further review. The CBSA has not yet seen any indication of foreign funding or HASA activity connected to this fund raising, but given the large amount of anonymous donors it cannot be disregarded.
- **Ongoing threat.** The size, unorganized potential and general distraction of some these POE protests continue to create conditions where both criminal actors and migrants may use the events to illegally cross the border into Canada. This may also include protesters who wish to join events on the Canadian side of the border, but do not want to report to Border Service Officers.
- **No update.** US news sites are reporting that Facebook has removed the Facebook pages associated to "Convoy to D.C. 2022" being used to organize truckers to drive from California to Washington D.C. There is no information available at this time to indicate if Facebook has removed the pages for the other planned US-based protest convoys originating in Texas and Florida. Social media and news websites in the US indicate that there is an online movement, focused on Facebook pages entitled "Freedom Convoy 2022", to organize protest convoys of US truckers from Texas and Florida which would converge on Washington D.C. with tentative planned arrival time in D.C. of February 8th. There is no reporting at this time to indicate that the proposed US convoys plan to enter Canada.
